

CALL FOR PAPERS

Manipal International Symposium on Design (MiSD) 2024

February 15 (Thu) & 16 (Fri), 2024

Theme

Architecture and Architectural Technology:

Design Challenges in Protecting the
Past and Creating a Sustainable Future

Location

School of Design and Architecture,
MAHE Dubai, Dubai International
Academic City, Dubai (Hybrid mode)

Selected papers will be published in
SCOPUS Indexed Journal.

Open House International:
Sustainable and Smart Architecture
and Urban Studies by Emerald Publishing

CALL FOR PAPERS

Abstracts: 15th November 2023

Manipal International Symposium on Design (MISD) 2024

February 15 (Thu) & 16 (Fri), 2024

Theme

Architecture and Architectural Technology:

Design Challenges in Protecting the Past and Creating a Sustainable Future

Location

School of Design and Architecture, MAHE Dubai,
Dubai International Academic City, Dubai (Hybrid mode)

Sub-theme A:

Building Structure, Fabric,
Services and Technology

- Building services and sustainable vertical urbanisation
- Super tall building design and technology
- Natural disasters and resilient structures
- Façade design, technology and evolution
- Design innovation and smart construction

Sub-theme B:

Innovative Technologies and
the Future of Design

- Development of innovative structures
- BIM, collaborative working and co-design
- Digital design,
- The application of Digital Twins in the built environment

Sub-theme C:

Design and Architecture
for Society

- Equality, Diversity and Inclusivity in Design and Architecture
- Designing flexible buildings and cities
- Designing spaces to enhance cognitive flexibility and creativity
- Effect of familiarity and stressful events on cognition in changing environments

Sub-theme D:

The Future of Design and Design
Pedagogy

- Technology, design and design pedagogy in a post-COVID era
- Developing Design education for the metaverse generation
- Architectural practices, processes and performance

Sub-theme E:

Technology and Retrofitting
Buildings

- Assessing buildings for retrofit design
- Challenges retrofitting existing buildings
- External retrofitting to existing facades
- Digital Twins and retrofit design
